

Annual Career Fair & Evening With Industry

THURSDAY, FEBRUARY 20th, 2020

Network With Professionals In The Water/Wastewater Industry!

Learn about career opportunities in the water/wastewater industry, get to know local firms & agencies, develop networking skills, and stay for dinner to get one-on-one time with professionals. Over 80+ students are expected from Northern California schools.

This year we're continuing with a **Round Table Format** after dinner, where professionals sit at each table to talk with students. The idea is to facilitate more engaging conversations and give students a better opportunity to learn about aspects of the industry that interest them.
