DLab Design Build Test

D-Lab II: Design, Build, Test

Designing Accessible Spaces

This course will focus on designing and building disability-accessible spaces in the Engineering Student Design Center. Teams will work together to design, prototype, and test solutions to accessibility concerns. Collaborations with UCD partner communities will provide context and direction.

CASH PRIZE OFFERED FOR BEST DESIGN!

IN-PERSON Undergraduate Research, Scholarship & Creative Activities Conference
2022-23 DISC Directors Applications

The Diversity in STEM Coalition has a few open leadership positions that they are looking to fill for the 2022-2023 school year!

As a Coalition, their mission is to support the retention and success of marginalized students in STEM at UC Davis and foster community between diversity-focused organizations in STEM by collaboratively hosting professional development events. If you are a UC Davis student interested in supporting this mission, please consider applying to one or more of the positions outlined below.

**APPLY HERE** to be the Diversity in STEM Coalition Director (or Co-Director) by Wednesday, June 30th at 11:59pm! The following position is open to graduate students only:
- **Director of DISC**

**APPLY HERE** to be a DISC Committee Director by Wednesday, June 30th at 11:59pm! The following positions are open to current undergraduate and graduate students:
- **Director of Internal Affairs**
- **Director of External Affairs**
- **Director of Public Relations**
- **Director of Finances**

More information about each position's responsibilities, time commitment, and compensation can be found on the respective application. Again, both applications will close on Thursday, June 30th at 11:59pm. Select applicants will then be chosen for interviews during the week of July 5th.

If you have any questions about the application or the selection process, please contact them at disc.ucd@gmail.com. For general information about DISC, please visit our website at [https://disc-ucd.weebly.com](https://disc-ucd.weebly.com).

**Biotech Club Winter Biosymposium**

The Biotech Club will be hosting its Winter Biosymposium this Thursday from 7-8 pm! Come to hear panelists in the biotech industry talk about their career experiences and network with people from Genentech, Marrone Bio Innovations, Ravata Solutions, and Novozymes! We hope to see you on zoom at [https://tinyurl.com/ucdbiotechclub](https://tinyurl.com/ucdbiotechclub).
Career/ Internship

Chevron Environmental Engineering opportunities

Below are a few openings at Chevron for Environmental Engineers
Paid Summer Remote Internship with the U.S. Bureau of Reclamation

MANO is excited to inform you of a Paid Summer Remote Internship opportunity with the U.S. Bureau of Reclamation (BOR) Resource Assistant Internship (RAI) Program. Intermediate level Spanish reading, writing, and speaking is a requirement for this position. Applications for this position are due on **Monday, March 14th, 2022**.

**Hispanic Access Foundation’s MANO Project** offers enriching internship experiences **nationwide** for **Latinx college students and upcoming professionals of color** who are passionate about the outdoors, geography, community engagement, public lands, cultural resources, and natural resources. We’d like to ask for your help in sharing these opportunities with talented Latinx students and students of color, as well as recent grads, who may be interested in getting work experience with a federal land management agency.

Applications can be submitted through the website: [MANO Project](#)

To those applying, we wish you all the best in your professional pursuits.

---

**Come to the Career Fair on 2/24!**

Winter Internship and Career Fair (Virtual)
Thursday, February 24th, 10am-4pm PT
Registration and session sign up for students and alumni is now OPEN on Handshake.

PASSIONATE ABOUT WATER?
So are we... It’s time we met.

Carollo Engineers offers exciting career opportunities for graduates eager to “work wonders with water.” We are the largest engineering firm in the country dedicated exclusively to water and wastewater treatment planning, design, and construction. Our revenues have steadily grown for the past 30 years, providing opportunities for outstanding motivated graduates.

WORK
➤ That makes a difference.
➤ That is challenging and rewarding.
➤ In a collaborative team environment.
➤ In the most desirable locations in the country.

LEARN ABOUT
➤ The rewards of a career in water, wastewater, and recycled water.
➤ Our sustainability principles.
➤ Our technological leadership initiatives.

Carollo has been around for over 85 years. We offer stability and a chance to grow and develop your career. With 49 offices in 22 states, there are opportunities to fit your lifestyle choices.

Thursday, March 10, 2022, Carollo will be conducting on-campus interviews with civil/environmental engineering students interested in full time civil/environmental engineering positions and internships. The interviews will be 30 minutes long, from 8:30am to 4:30pm.

If you have strong written and verbal communication skills, are eager to contribute to a growing organization, and are passionate about water...

Please submit the following to WCEORecruitment@Carollo.com by Saturday, March 5, 2022:
➤ Resume
➤ Interested position (internship or full-time)
➤ Time slots you are available to meet (e.g., 8:30-10:30 am, 2:00-4:00 pm)
As described in the attached flyer, Carollo Engineers is a consulting firm dedicated exclusively to water related projects including water and wastewater treatment planning, design, and construction projects. On Thursday March 10th Carollo will be conducting on-campus interviews with civil and environmental engineering students interested in full-time engineering positions and internships in the water and wastewater industry. The interviews will be 30 minutes long and conducted on the half-hour from 8:30 AM to 4:30 PM.

If you have strong written and verbal communication skills, are eager to contribute to a growing organization, and are passionate about water...

Please submit your resume to WCORecruiting@carollo.com. The deadline for submitting resumes is March 5th.

USSD Scholarship Award Deadline Approaching

As a reminder, US Society on Dams' (USSD's) Scholarship Award Deadline is February 28, 2022. If you are applying for a scholarship award from us, please submit your application online at https://www.ussdams.org/about/scholarships/.

The scholarship award is given annually to students whose academic program and research studies have the potential to develop practical solutions to design and construction challenges related to dams and levees. Applicants must be U.S. citizens or permanent residents enrolled in U.S. academic institutions.

American Public Works Association: Sacramento Chapter

The Director of the Scholarship Committee of the American Public Works Association (APWA) is notify you that their 2022 scholarships are now available. They provide scholarship opportunities to graduate and undergraduate students pursuing degrees in the fields of Civil Engineering, Construction Management, Urban/Transportation Planning, or other public works-focused degrees. Locally and nationally, APWA serves as an association of professionals in the public works fields to network, advocate common goals of the profession, provide continuing education, and support student interest in a public works career.

Please find the attached APWA and James C. Ray scholarship applications and announcements attached to this email. Scholarships are also posted to the website at http://sacramento.apwa.net/EventDetails/28187.
