Update Zoom by May 30th

UC Davis faculty, students, and staff need to upgrade to version 5.0 of Zoom before May 30 in order to continue participating in classes or other online sessions that use the videoconferencing tool. Zoom released version 5.0 on April 27, and will not allow older versions of the tool to be used starting May 30. The new version, a major upgrade, includes security improvements and other enhancements.

Follow these instructions [<https://kb.ucdavis.edu/?id=2470>] to install the upgrade, and contact your department's IT support [<https://kb.ucdavis.edu/?id=0457>] if you have questions or need assistance.

The use of Zoom for distance teaching, learning, and working from home has expanded significantly at UC Davis since mid-March, when the campus switched to remote operations in the wake of the Covid-19 pandemic. Zoom is also integrated with the campus learning management system, Canvas. You will need to update to Zoom 5.0 even if you only use it through Canvas.

UC Davis Out of Darkness Virtual Walk

Students Against Suicide (SAS) is student run organization at UC Davis that works with the American Foundation for Suicide Prevention. SAS will be hosting **UC Davis Out of the Darkness virtual walk** taking place on **May 30th!** The virtual walk will begin at **11am** and will consist of resources for students, a portion where you can join us in walking for suicide prevention, an interactive aspect where you can tell them why you're walking, and more!

Here is the registration link if you would like to join: <https://bit.ly/2WiAiLC>. If you would like to create or join a team, here is the link to instructions on how to do that: <https://bit.ly/2U7fyGq>.

The virtual walk will be taking place on their **@OutOfTheDarknessUCD** account on Instagram as well as **@AFSPSacramento**.

For more information about the walk as well as tips to maintain your overall health, follow their Instagram account **@sas.ucdavis**

They are also fundraising money during the virtual walk and leading up to it. The money raised will go towards new research, creating educational programs, advocating for public policy, supporting survivors of suicide loss, and more generally, suicide awareness and prevention. It is 100% free to join us and walk, but please consider fundraising money for an amazing cause. You can donate by using this link: <https://bit.ly/2WiAiLC>.
