Women in Data

Get ready for a bright spot in 2020. Women in Data at UC Davis is here! WiD@UCD will be the first college chapter of [Women in Data](#), an international non-profit that aims to diversify careers in data and related fields. Regardless of what you study, what you want your career to be, or how you identify, you're welcome here. Fill out the [member interest form](#) to stay in touch and like/follow us on [Facebook](#) until we kick things off this Fall Quarter.

Student Startup Center Opportunities

The Student Startup Center supports students across UC Davis in practicing entrepreneurship and creativity. They believe UC Davis students are capable of solving big problems, applying their UC Davis education and the resources of the university. They also believe that entrepreneurship is an effective problem-solving tool.

One of our core offerings is **Introduction to Entrepreneurship (ENG 008)**. In this course, students work on inter-disciplinary teams to work through the critical elements of entrepreneurship. It is **an excellent opportunity for students new to the university to meet other Aggies while learning together.**

Please take a moment to view a short introduction from the Student Startup Center director and Intro to Entrepreneurship professor to learn a little more about our philosophy: <https://www.youtube.com/watch?v=n9gZxhmC2M0&t=4s>
